Oral History Release Form, Next of Kin

The mission of the Boynton Beach City Library Local History Archives is to document the history of the people of Boynton Beach. An important part of this effort is our collection of oral histories and other interviews or presentations, and making these available to researchers. We have in our collections several audio or videotapes for which we have no release forms, and we are making an effort to contact each subject's next of kin for permission to make these items available to the public.

Interview participant:

- Edith Thompson Jones Palmer (1926-2012)

I, **Janice Jones Graham**, hereby give permission for the oral history recordings, transcriptions, images, or other related materials made with my mother, **Edith Thompson Jones Palmer** (1926-2012), to be made **public domain**. I fully understand that this interview will not be copyrighted by me, the interviewer, any publisher, or the Library, but will be immediately placed in the public domain. This decision is intended to provide maximum usage by future researchers.

Boynton Beach City Library Local History Archives gratefully acknowledges your assistance in making this available to the public.

Signature Janice Jones Graham Date of signing: 03/01/2023
